28 Bulls - 30 Females

FIRST CLASS BREEDING CATTLE
FROM
SIXTEEN OF IOWA'S BEST HERDS

WEBSTER CITY, IOWA

Monday, May 31, '37

PLEASE BRING THIS CATALOG TO THE SALE
SALE STARTS AT ONE O'CLOCK P. M.
CATTLE WILL BE ON DISPLAY AT NINE A. M.

Now is The Time

With plenty of grass in the pastures and the best prospect for a crop that Corn-belt farmers have had in years, the time is here to stock up with breeding cattle.

Shorthorns always have been the mainstay of the Corn-belt. They do better under the good farm conditions that prevail in this section than any other breed. They make more weight at twelve, eighteen or twenty months of age than cattle of any other breed. The cows are excellent milkers and, if used for dairy purposes, will return a good profit at the pail. Many farmers permit one cow to rear two calves and use the milk from the dam of one of the calves for human consumption. The quality and flavor of beef from Shorthorn steers cannot be excelled.

In short, Shorthorns are the most profitable breed for the Corn-belt. Shorthorns utilize their feed to the best advantage. They are the most docile of cattle. They are the most popular cattle among discriminating farmers and hence breeders of Shorthorns have a wider market for their bulls and heifers than have those who produce any other breed.

In this sale, sixteen of Iowa's best breeders have joined in offering Shorthorns of the most desirable type and quality backed up by pedigrees that show them to be descended from the best of the breed. During the next decade we shall see the best market for breeding cattle that this Country has known except, possibly the World War and post World War period. Cattle prices have started to rise. Those who buy now will be able to sell the progeny of their purchases for prices much in advance of what those purchases will cost in this sale.

Now is the time and at this sale is the place to buy.

WILL JOHNSON, Sale Mgr.

J. E. Halsey, Auctioneer.
